

CIRCUIT COURT ADJOURNED

Judge William A. Young Adjourned Court Until Friday, September Twenty-fourth.

Monday was the first day of the regular term of the Montgomery Circuit Court but at the request of a number of the jurors Judge Young adjourned court until September 24th. This adjournment will enable a number of farmers on the juries to get their tobacco cut and housed and they greatly appreciate the action of the Judge in adjourning the court for their convenience.

A committee was appointed by the court to draft a bill to present to the Legislature to have the time of holding the Circuit Court in this county changed as all terms except the January term come at a most inconvenient time for the farmers. Attorneys R. H. Winn, H. R. Prewitt and W. B. White were appointed a committee to draft the bill.

After striking the truck the big car crashed into the front of the blacksmith shop on the corner and knocked a large hole in the brick wall.

INCREASED ATTENDANCE

Greatest Number of Pupils Enrolled Monday That Has Ever Attended School.

The fall term of the city schools began Monday with the largest enrollment in the history of the schools, for the first day.

Promptly at nine o'clock, the students were assembled in the High School Auditorium and after the singing of "America" by the students accompanied by Professor Bruce Reynolds on the violin and Mrs. Emilee H. Reid on the piano, the Rev. Clyde Darsie conducted the devotional exercises and made an excellent address to the student body, advising them of the great opportunities before them and urging whole-hearted devotion to their present duties as a preparation for those of after life.

Professor Reynolds, with Mrs. Reid as accompanist, rendered several beautiful selections on the violin and was forced to respond to frequent encores.

Mr. L. T. Chiles, of the Board of Education, with his usual flow of wit and humor, entertained the audience most delightfully. Dr. W. R. Thompson, also of the Board of Education, spoke briefly encouraging the pupils to "continue faithful unto the end" and gave a poem entitled, "Don't Stop," which was peculiarly appropriate to the occasion.

After numerous announcements by Superintendent Hopper and the singing of "Old Kentucky Home" by the audience, the matter of classification was taken up which consumed the remainder of the day.

The members of the new literary societies—The Cawein Club and the Reuben Post Halleck Society, are busily engaged soliciting new members for their respective organizations. A keen, but friendly rivalry exists between these societies and many contests are scheduled for the coming term.

On Tuesday morning, the Senior Class which is the largest in the history of the High School, numbering twenty-nine, held its first class-meeting and elected the following officers: Pres., Malcolm Thompson; V. Pres., Ashby Blevins; Sec., Vivian Alfrey; Treas., Leo Schlegel. A High School paper will be published if found to be feasible, and a committee was appointed to investigate and report to the class. It is likely that a "Class Annual" will be published during the spring.

The total enrolment in the schools to date is four hundred and sixty.
